- 13.** SPM (as Buyer) is liable to deduct TDS u/s 194Q @ applicable rate on goods purchases (if applicable). In case of deduction of TDS under section 194Q; the Supplier (Vendor) need not to charge TCS u/s 206C (1H) on invoicing on or after 01.07.2021.

- 15. GST Return:** Supplier should file the GST returns for outward supplies in time. In case of any Input Credit Loss to SPM by way of their failure to file GST Returns in time, SPM reserves the right to withhold the payment of further supplies till production of evidence of filing of Returns.
- 16. Bidder shall submit duly seal & signed copy of Scope of Work/Technical Specifications and declaration.**
- 17. Anti-Bribery Management System (ABMS):** By participating in this tender, the suppliers/Vendors/ Contractors are deemed to have undertaken that they shall not give or take, any financial or non-financial bribe, to or from anyone during the tender or during the execution of the contract thereafter and if they notice any such incident happening, they shall report it to Vigilance.

The received bids having matching/common IP address with either Bidder(s)/Seller(s) or Buyer, shall be outrightly rejected & shall not be considered for further evaluation.
- 20.** In case a tenderer attempts to influence SPMCIL's decision on scrutiny, comparison, evaluation, and award of the contracts, it will be treated as a serious misdemeanour. In such a case the tender of the tenderer shall be liable for rejection in addition to appropriate administrative actions being taken against that tenderer, as deemed fit by SPMCIL, in terms of clause 44 of GIT.
- 21. Parallel Contracts:** After due processing, if it is discovered that the quantity to be ordered is far more than what L1 alone is capable of supplying and there was no prior decision/ declaration in the bidding documents to split the quantities, then the quantity being finally ordered may be distributed among the other bidders by counter offering the L1 rate in a manner that is fair, transparent and equitable based on objective data available in the bids e.g. eligibility data, Quantity/ Delivery etc. However, in case of critical/ vital/ safety/ security nature of the item, large quantity under procurement, urgent delivery requirements and inadequate vendor capacity it may be advantageous to decide in advance to have more than one source of supply. In such cases a parallel contract clause should be added to the bid documents, clearly stating that SPMCIL reserves the right to split the contract quantity between suppliers. The manner of deciding the relative share of lowest bidder (L1) contractor and the rest of the contractors/tenderers should be clearly defined, along with the minimum number of suppliers sought for the contract. In case of splitting in two, the ratio of 60:40; may be used – a different ratio may also be justified. These ratios are approximate and SPMCIL reserves its right to marginally vary quantities to suit capacity of the firm/ unit loads of packing or transportation. However, the requirements may not be split into a number of tenders of smaller quantities for the reason that one supplier may not be able to supply the entire quantity. It should also be mentioned in such cases that the firms should not quote for less than 25% of the tendered quantity; otherwise, their offer would be considered as unresponsive. Before splitting the quantity, it should be ensured that the L1 price is reasonable. If it is not reasonable, negotiation with the L1 party may be carried out, if justifiable, with the approval of the CA. The following guidelines are to be considered while opting for parallel contracts: i) L1 should be awarded at least the percentage mentioned above or his spare supply capacity, whichever is lower ; and For the rest of the contract quantity, the lowest rate accepted will be counter offered to the L2 party. On acceptance of the counter offer, the order will be placed on L2 for the respective percentage or the spare supply capacity of the L2 bidder, whichever is lower, and so on, to other tenderers. In case of non-acceptance of the counter offer by the L2 party, a similar offer shall be made to L3 and L4, and so on.
- 22.** If there is any constraint in proceeding of bid in GeM portal as per above mentioned clauses then after opening of price bid all process will be done on offline mode. GeM order is only for compliance of GeM. Separate order will be given from all units as mentioned above for services and payments.
- 23. Rate Contract:** This Rate Contract essentially is an agreement with the supplier at a specified price and terms & conditions (as incorporated in the agreement) during the period covered by the Rate Contract. No quantity is mentioned nor is any minimum commitment guaranteed in the Rate Contract. The Rate Contract is in the nature of a standing offer from the supplier firm. SPM, Narmadapuram is entitled to withdraw/ cancel the Rate Contract by serving an appropriate notice to supplier, at any time. Reason for such action shall be recorded and communicated to the concerned rate contract holder.
- 24. Renewal of Rate Contract:** In case, it is not possible to conclude new rate con

tracts before the expiry of existing ones, due to some special reasons, the existing rate contracts would be extended with same terms, conditions etc for a suitable period, with the consent of the rate contract holders. Rate contracts of the firms, who do not agree to such extension, will be left out. Period of such extension would generally not be more than three months.

**25.** The Rate Contract will be guided by Fall Clause as described below.

**Fall Clause :** If the rate contract holder reduces its price or sells or even offers to sell the rate contracted goods, following conditions of sale similar to those of the rate contract, at a price lower than the rate contract price, to any person or organization during the currency of the rate contract, the rate contract price will be automatically reduced with effect from that date (the day of opening of Price Bid) for all the subsequent supplies under the rate contract and the rate contract amended accordingly. Any violation of the fall clause would be considered a serious misdemeanour under clause 44 of the GIT and action, as appropriate, would be taken as per provision of that clause.

**26. Performance of Rate Contract Holder:** Bidders who are holding current rate contracts and/ or held past rate contracts for the required goods, their performance against such earlier/ current rate contracts shall be critically reviewed before they are considered for award of new rate contracts.
